

## Capitol Volkssport Potluck & Meeting

August 9, 2016

### Tumwater Historical Park

President, Liz Morrison welcomed everyone to the annual potluck. She congratulated members who had received distance and event awards. She wanted to extend special congratulations to Pat Harmon for the guided walk on Anderson Island which had over 90 participants.

The minutes of the previous meeting were accepted after noting that the NW Regional Conference in Boise, ID is a 3 day event – September 16 –18.

Liz announced that we are still seeking a trail master for the Holiday Walk in December. The start point and checkpoint have already been secured. There is a folder available with all the past walks used for this event. Let Liz know if you are interested.

The next Seabreeze meeting will be Monday August 15 at Karen & Jim Younkin's house at 10:00. Nancy Wittenberg should have more information to share regarding Henry Rosales attending Seabreeze. Come to the meeting and see Jim's train setup. Karen passed around sign up sheets for the Seabreeze dinner and an envelope for your yearly dues.
